

Financial Report RC34 2007-2010

Treasurer: Natalia Waechter

From April 2007 to June 2010 we received from ISA Madrid **RC34 fees** twice (2,885.- in 2010 and 3,473.- in 2007). Additionally, we received 33,- RC34 membership directly from a new member.

This budget was used for RC34 **promotion and dissemination** as well as for **supporting junior scholars**. For promotion and dissemination we spent 469.- on the RC34's website and 400.- for printing and sending the RC34 folder. For junior scholars we have established a funding for an award which covers the costs for attending an ISA conference. The award was given in 2006 for the Durban conference and will be given again this year (to Dan Woodman, Australia).

Furthermore we used the budget to support the **Asian Youth and Childhood 2007 Conference** (736.-).

In total, we have increased our budget from 1,757.- (April 2007) to 6,371.- (June 2010) but still have to reimburse the conference costs for the awarded junior scholar 2010.

I received the bank account from the former treasurer Reingard Spannring in April 2007, and I have information on the bank account balance from January 2007 on. This means that there might be a reporting gap from the last report (summer 2006) to January 2007. In this period we offered a grant for a student's award but I do not have reporting on this. I can ask for an appointment at the bank in order to receive full information on the missing period if necessary.
